CITY OF STANLEY

RESOLUTION 2013-2

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF STANLEY REGARDING PROPOSED NATIONAL MONUMENT DESIGNATION FOR THE BOULDER-WHITE CLOUD MOUNTAINS

WHEREAS, The City of Stanley, due to its close proximity to the proposed Boulder-White Clouds National Monument, and due to its economy being based overwhelmingly on tourism, may be greatly affected by this proclamation; and, WHEREAS, The City of Stanley has previously adopted four Resolutions supporting versions of the Central Idaho Economic Development and Recreation Act that would provide economic benefits to Stanley; and, WHEREAS, The City of Stanley believes that the current multiple use and private land protection policies governing the management of the Sawtooth National Recreation Area have generally served the interests of its residents.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF STANLEY, THE MAYOR CONCURRING, THAT:

The Congress or the Executive Branch, prior to any proclamation of a national monument incorporating the Boulder-White Cloud Mountains, or any other part of the Sawtooth National Recreation Area, or any other adjacent lands administered by the Bureau of Land Management, clearly identify the objectives of such a proclamation.

The Congress or the Executive Branch, prior to any proclamation, first solicit ideas and support from a broad array of stakeholders concerning the proposed management policies and direction for such a monument.

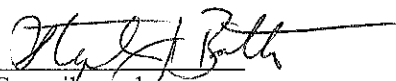

The Congress or the Executive Branch, prior to any proclamation of such a national monument, identify proposed management policies and make such policies available for review and comment by local stakeholders prior to a proclamation.

Management policies and direction governing such a national monument protect the interests of the local economy, landowners, and other stakeholders as well as the natural, historic, cultural and recreational values within the area. A national monument proclamation ensure that the recreational opportunities that sustain the economy of the City of Stanley remain unimpaired, and are enhanced where feasible by management policies that encourage four-season recreation within the monument.

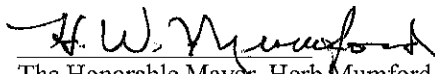

These management policies and direction be included within the proclamation establishing such a monument.

The Congress shall work with local stakeholders to identify funding needs and then appropriate adequate funds to effectively implement the management direction of such a monument, safeguarding the values which the monument is designated to protect, and accommodating additional visitation and tourism impacts.

Authorized by the City Council on the 10th day of September, 2013, and signed by me in open session in authentication of its adoption on this 10th day of September, 2013.

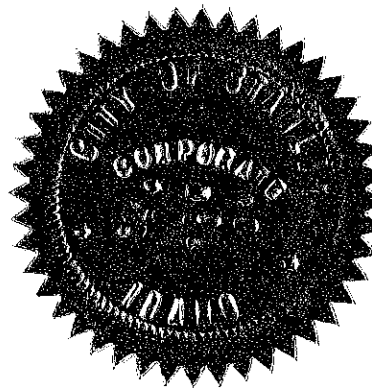

Council member

THE MAYOR CONCURRING:

The Honorable Mayor, Herb Mumford
