

**City of Stanley  
Work Session/Pioneer Park  
January 12, 2015**

The work session is called to order at 1:03 p.m. on Monday, January 12, 2015 in the Stanley City Office.

**IN ATTENDANCE FOR THE CITY:**

Council President Steve Botti, Councilmember Laurii Gadwa, Councilmember Lem Sentz, City Clerk Cari Tassano, maintenance personnel Greg Wallace, Police Officer Ron Pumphrey, Councilmember Hadzor and Mayor Mumford were not present.

**OTHER ATTENDEES:**

Keith Reese and Allison Beechert

**PIONEER PARK/ICE RINK:**

The City Council is considering applying for a grant with the Land & Water Conservation Fund. This grant would benefit the ice rink along with the numerous winter and summer activities it would accommodate. The possibilities of a new ice rink would be extremely advantageous for the community of Stanley. The grant is for rural communities for recreational activities. It is a dollar for dollar match. The funds come from the Federal Government to the State of Idaho, which we need to compete for. We need to be very specific on what we want to accomplish within this grant. Based off of the master plan that was done in 2013. Keith Reese has been working with us on this project extensively and has looked at several possibilities for the location and size of the ice rink, curling lane, warming hut and the groomer's shed. The Group discussed different options and the costs of each, some of which included: utilities being moved, the parking lot, underground electrical, well water to building, groomer shed placement, warming hut placement, placement of the ice rink, possibly sinking the ice rink, and City housing and the shop. After a lengthy discussion it was decided that approximately \$200,000.00 would be necessary to complete phase #1 of the ice rink/park plan. Phase #1 could include reorienting the ice rink, moving the groomer shed and possibly the warming hut.

The City Clerk informed the City Council that Jane McCoy stopped by the office and would like to make a donation to the park, in the name of her son which would include a burn pit with three benches encompassing the pit; with a view of the Sawtooth Mountains.

**BREAK:**

Break was taken at 2:25 p.m., at 2:30 p.m. the work session re-convened.

**REDFISH TRAIL:**

The Proposed summer trail connecting to the Redfish Lake trail, Councilmember Botti supplied a map for the City Council. He explained, that there was a MOU prepared by Mayor Herb Mumford with the Division of Aeronautics that was agreed to by them for the summer trail. The Forest Service will not approve the summer trail (marked with red dashes), due to the conservation easement. The compromise would be the new proposed trail marked with a solid yellow line. It would be necessary for the Division of Aeronautics to obtain a special use permit from the Forest Service for this new trail. The City would be required to prepare a new MOU with the Division of

APPROVED

Aeronautics stating that the City will maintain the trail. The City would also like to negotiate with Mountain Village to either obtain a trail easement or some other type of agreement crossing their vacant lot. The new proposed trail would move the trail west of the Ice Rink and away from the ice rink parking area relieving any bottleneck that may be created in that location due to weddings or other park events. This new trail would create a tripartite agreement with the Forest Service, Division of Aeronautic and the City of Stanley. Councilmember Gadwa makes a motion to accept the new proposed trial (yellow trail). Sentz seconds. All approve. Motion passes.

**ADJOURNMENT:**

Council President Botti adjourns the meeting at 2:56 p.m.

  
Steve Botti, Council President

ATTEST:

  
City Clerk, Cari Tassano
