**CITIZEN PARTICIPATION:**

Charlie Thompson had two things he wanted to discuss. Thompson would like to see the City of Stanley to allow camp trailers this summer on the 4-acres where the city is trying to develop workforce housing. Thompson would also like to see us set up a recycling center on the 4-acres (which we could charge a minimal fee to help fund this project), and also garbage collection that the option tax would fund.

**CONSENT AGENDA:**

10-21-22 Work Session (the city clerk submitted revised minutes as per Council Presidents Gadwa request at the 12/8/22 Council Meeting), 12-08-2022 Council Meeting and the payment approval report – unpaid and prepaid bill for December/January. Council President Gadwa moves to deny the 10-21-22 Special Meeting (with no explanation) and to approve the 12/08/22 Council Meeting minutes and the payment approval report. Councilmember Clegg states that he does not see a problem with the 10/21/22 Special Meeting Minutes and feels they are depicted accurately, but will second Gadwa's motion so that he can have Gadwa explanation as to why she is denying these minutes for the 3<sup>rd</sup> consecutive month. All approve. Motion passes.

**LAW ENFORCEMENT:**

The City Council is in receipt of the standard written report. The Council acknowledges the report. We also received a detailed report for review for the month of December.

**COMMUNITY BUILDING:**

Botti notified the public that we are having radon concerns with the city office and the community building. The city clerk has submitted several radon results using an electronic device that gives 24-hour readings that range over 4.0. The city will now order testing with
