City of Stanley
Work Session/Code Review/SNRA +
May 26, 2015

The work session is called to order at 11:04 a.m. on Tuesday, May 26, 2015 in the Stanley City Office.

IN ATTENDANCE FOR THE CITY:
Mayor Herb Mumford, Council President Steve Botti, Councilmember Laurii Gadwa, Councilmember Melinda Hadzor, Councilmember Lem Sentz, and City Clerk Cari Tassano.

OTHER ATTENDEES:
Jim Wetzel, Gary O’Malley, Rob Mason, and Paul Hill.

SNRA +:
SNRA + is a new version of the CIEDRA bill by Congressman Simpson. Council President Botti summarized some of the changes. There will be approximately 275,000 of wilderness areas which consists of 3 wilderness areas, 57,000 acres smaller than the original CIEDRA bill. There will be approximately 154,000 acres of existing wilderness study areas that will be released for multiple use management. There does not appear to be any changes to motorized use or snowmobile use. Included within the bill is conveyance of land to the City of Stanley consisting of approximately 4 acres of land for up to 20 units for workforce housing. The property is located W and SW of the historical museum. The Secretary of Agriculture will be responsible to move the barn if necessary. A hearing should be coming up in the house for the SNRA + bill so it is a good time for the City of Stanley to take a stand on this bill.

The conversation mainly focused on the property to be conveyed to the city and if this property was the best solutions for workforce housing. Items of discussion were moving the barn and the possible National Registry appointment, potable water, old sewer ponds, and elk displacement. While councilmember Gadwa expressed her opposition to the property transfer, Council President Botti and Councilmember Hadzor both gave compelling solutions and reasons why this property is suitable. Jim Wetzel expressed his concerns, he feels workforce housing will be in direct competition with his business.

Herb Mumford points out that there are several questions, that all cannot be answered right now. The City will need to do extensive research to see what the possibilities on the property are, find the necessary funds to implement a plan (possibly through grants), along with formal studies to address the housing needs. As stated within the bill this land is for public purpose and can revert back to the United States if not used for this purpose.

Council President Botti points out there is draft resolution that has been supplied to the councilmembers. Council Presidents Botti reads the draft and makes a motion to approve the resolution as stated. Councilmember Hadzor Seconds. Councilmember Gadwa is opposed. Councilmember Sentz approved. Motion passes.
BREAK:
Break was taken at 12:10 p.m.

Meeting reconvened at 12:16 p.m.

Code Review:
An omnibus ordinance is being done to reduce several violations from misdemeanors to infractions. Fees will be set for each infraction by a resolution. There were no changes to the omnibus ordinance by the city council. The next step will be to have the city attorney review it.

As per the discussed in the May 7, 2015 council meeting, regarding signs/banners, it was decided that we will need to do a full ordinance change after speaking with the public. It will not be in the omnibus ordinance.

Councilmember Gadwa moves to send the omnibus ordinance draft as drafted to the city attorney and upon his response the city will be ready to have a public hearing. Council President Botti seconds. All approve. Motion passes.

City Clerk:
Reminded the council of the upcoming meeting dates and changes:
