CEDA Board Meeting
Tuesday June 2, 2015

• Meeting held at Challis Community Event Center (CCEC)-Board Room.

• **The Challis Community Event Center**—Bookings and revenue continue to be strong for the 2015 season. The accessory storage building, 10 feet by 20 feet, was discussed by the board along with the consideration of having it located on the CCEC property or on County property nearby. The board thinks that the county property would be a better location. Jolie will advise the county of our decision.

• **Commercial/Industrial Property**—Businesses considering location to our area are looking for locations that are ready to develop, already zoned for the use and having the necessary infrastructure, (water, sewer, power). Opportunity usually only knocks once. The area needs to be ready with commercial/industrial property to attract new business. The City of Challis and Custer County need to work toward this goal, especially with reduced activity at the mine.

• **AV Equipment for CCEC**—The current data projector needs to be replaced. The replacement will cost around $3K. Jolie will work
