CONSENT AGENDA:
July 14th Minutes are not yet ready.

Councilwoman Gadwa motioned to approve the bills and ratify the prepaid bills for August. Councilman Sentz 2nd. Motion passed.

LAW ENFORCEMENT: (Mayor Mumford)
Part-time Officer Gary Gadwa has been doing well. His presence at the Street Dance has been helpful.

Justin Mitchell is the new Custer County Deputy. Councilman Juilliano expresses thanks to him for the resolution of an incident at his business. He suggests everyone introduce themselves to him.

STREETS AND ROADS: (Mayor Mumford)
Idaho Department of Transportation is doing some paving at the north end of the runway which should help mitigate dust generated by runway activity. They are also leveling out the parking area. The movement of heavy equipment on the airport road may necessitate some road maintenance which they have agreed to take care of.

The Mayor suggests that a four way stop sign would be useful at the intersection of Niece and Ace of Diamonds.

CEMETERY: (Councilwoman Gadwa)
Researchers from Boise State University have completed a scan of the Stanley Cemetery. The results will be available at the end of August. Discussions with Professor John Bradford indicate that bodies seem to be where they are supposed to be, and that there are not any surprises. Once the report is available the establishment of new plots will proceed.

COMMUNITY BUILDING: (Mayor Mumford)
There is a great deal of activity at the Community Center as work is proceeding on the Energy Efficiency and Conservation Block Grant. Well drilling as well as installation of the heat pump and piping is proceeding with minimal disruption to community building users.
Councilwoman Gadwa notes that the heat pump installation has removed a great deal of storage space, and suggests purchasing a storage shed for the west side of the community building. Mayor Mumford would like to look at current requirements for record keeping and investigate whether help is available in the form of grants or personnel with scanning and archiving documents.

**AD HOC COMMITTEES:**

- **Groomer Committee:** (Mayor Mumford/Gary Gadwa)
  No report at this time.

- **Code Review:** (Council President Botti):

**NEW BUSINESS:**

**Stanley Vacation Rentals** – New Business License Application 440 Eva Falls location contains four rental units. Councilwoman Gadwa motions to approve the application. Councilman Sentz 2nd. Motion passes.

**Custer Economic Development Association** requests funding from the City of Stanley. Mayor Mumford declares that CEDA has provided benefits far outweighing the city’s $500 a year investment. Councilman Juliano motions to approve the request. Councilwoman Gadwa 2nd. All approved. Motion Passes.

**Chris Hooper** (representing the Stanley Community Library) announces that an opportunity exists to enter into a lease agreement with the new owners of the Niece property for site for the new library. This will require a lot line shift. This plan will be quicker and less expensive than developing the property on the Airport road.

**Keith Reese** (representing Smiley Creek LLC, the new owners of the Niece property) is beginning to process of coming up with a development plan for the Niece property. He is eliciting comments and ideas for what the community wants to see done. These plans will require a lot line adjustment which Councilwoman Gadwa notes can be done relatively easily. He wants to know if there is any interest in developing the property for employee housing for the city. The council suggests that interest is there, however funding is currently unavailable for such things. Keith Reese also reports that the owners would like to remove several uninhabitable buildings and asks whether there are requirements for such actions. The city has no such requirements, but the state may have some for buildings of historical importance.
Vote on Ordinance #185 “Annual Appropriations for Fiscal Year 2012” as discussed in the earlier Budget Hearing. Councilwoman Gadwa motions to waive the three readings of the ordinance IC50-902 and read by title only. Councilman Juilliano 2nd. All approved. Motion passes.
