**REVIEW OF PENALTIES IN THE STANLEY MUNICIPAL CODE:**

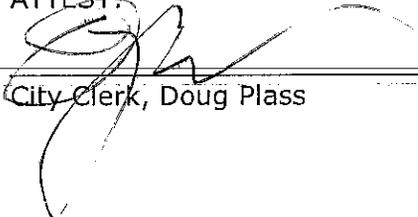

The Council reviews the penalties for code infractions to make sure that they are consistent with Idaho State Code, and to consider whether easing penalties in some areas may make consistent enforcement more workable. Most penalties in the Stanley Municipal Code are currently misdemeanors. Making some of these simply infractions will provide for less expensive code enforcement, and remove criminal penalties for situations where they are not appropriate.

**ADJOURNMENT:**

The meeting was called to a close at 4:50 PM.
